## LEGAL INFORMATION

Models shown may not be to UK specification. Colours and some exterior and/or interior elements may differ on screen from the actual model.

The official fuel consumption figures in mpg (l/100km) for the Mazda2 Range: Combined 47.9 (5.9) – 53.3 (5.3). CO<sub>2</sub> emissions (g/km) 133 - 120

Figures shown are for comparability purposes; only compare fuel consumption and CO<sub>2</sub> figures with other cars tested to the same technical procedures.

These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted (post-registration), variations in weather, driving styles and vehicle load. All figures quoted are derived from the latest WLTP test cycle.

The MPG figures quoted are sourced from official EU-regulated test results obtained through laboratory testing. These are provided for comparability purposes only and may not reflect your actual driving results.
